**1 SMALL RATTAN RIPPLE CONSOLE BY SOANE BRITAIN**

**FW:** For resort living, this is a great piece. I could place a simple candle on a palm frond on top and hang a mirror behind it.  
**BW:** The undulating curves are genius. I'd put it in a hallway or next to an outdoor fireplace. It doesn't shout "Look at me!"—it whispers it. Pictured on previous page. 36" w. x 19" d. x 31" h., \$5,285. soane.com

**2 RANDALL ACCENT CHAIR BY MARK D. SIKES FOR HENREDON**

**FW:** It reminds me of the chair of a pharaoh. It's a transitional piece—it could work in any room.  
**BW:** It's my favorite, and a really great price. The lines are clean and crisp. Beautiful detail. 23" w. x 24.5" d. x 37.5" h., \$1,650. henredon.com

**3 ANTIBES CHANDELIER BY CURREY & COMPANY**

**FW:** I love it. It would be great with a milky glass cylinder inside, so the light travels down.  
**BW:** It recalls the Guggenheim. It's wonderfully made, and I love a filament bulb. I'd put it on a dimmer switch to dial down the light. 30" dia. x 24" h., \$2,310. nandinahome.com

**4 OUTDOOR HARBOR CHAISE BY BARBARA BARRY FOR MCGUIRE**

**FW:** It doesn't feel clunky because the back is so narrow. I would use it outside, close to a window, facing a pool.  
**BW:** It's lovely. Lounge chairs are normally hard to place because they can be ugly and clumsy, but this one is really elegant. Two people could snuggle on it. 34" w. x 64.5" d. x 28.5" h., \$3,995. mcguirefurniture.com

**5 SOMMERWIND DINING TABLE WITH GLASS TOP BY WOODARD**

**FW:** I'd love it in white. It would look amazing with a bit of patina.  
**BW:** It's a little plastic-looking for me, but I like the fact that it's perfect for outdoor use. 48" dia. x 29" h., \$1,728. woodard-furniture.com

**6 JAMAICA WICKER BARSTOOL BY RALPH LAUREN HOME**

**FW:** Perfect for a private club or a yacht. I'm a sucker for Ralph Lauren. He can do no wrong.  
**BW:** Sitting in it, I understand the high price. It really is extremely comfortable. 24" w. x 25.5" d. x 46" h., \$6,195. ralphlaurenhome.com

**8 RATTAN SWIVEL STOOL BY PALECEK**

**FW:** This is so versatile, and I absolutely adore painted wicker. I am actually going to use it for a covered terrace in Lyford Cay in the Bahamas.  
**BW:** It has a certain charm and usability. It would be great in a conservatory among leafy palm trees and ferns. 25.5" dia. x 23" h., \$899. palecek.com

**9 MALIBU CORD SQUARE SIDE TABLE BY MANUTTI**

**FW:** The frame and composite material make for long-lasting furniture. I can see it in Cape Cod or Maine.  
**BW:** A charming little piece. Great size, and I adore the curve of the intermediate shelf. 17" w. x 23.5" d. x 17" h., \$903. walterswicker.com

**10 D.270.1 CHAIR BY GIO PONTI FROM MOLTENI & C**

**FW:** You should have this on your balcony. It's only missing the straps to take it around like a backpack.  
**BW:** It's really pretty and simple. 21" w. x 25" d. x 32.5" h., \$1,780. molteni.it

**11 INTERIOR CLOVER COFFEE TABLE BY WALTERS WICKER**

**FW:** If we were to add a cushion, it would make a great ottoman. I'm drawn to it. It's a good price too.  
**BW:** I love the trefoil shape. It's versatile as both a table and a stool to sit on. I could see a leopard-print cushion on it. 48" w. x 34" d. x 15" h., \$1,440. walterswicker.com
